The concept of history of earth moving in cycles that culminate in massive, world-altering cataclysms is one of the oldest beliefs in human history. Long before modern science existed, ancient cultures tracked time not as a straight line, but as a series of repeating ages, each ending in destruction and the rebirth of a remnant that survived to start over again.

In the Sermon on the Mount, Jesus famously states: **"Blessed are the meek, for they shall inherit the earth"** (Matthew 5:5). When viewed through the lens of a cyclic cosmic reset, this teaching directly describes the survival of the spiritually connected remnant.

**The Definition of "Meek":** In the original Greek text, the word used is *praus*. It does not mean weak, cowardly, or helpless people. In the ancient world, it described a powerful warhorse movement that had been trained, disciplined, and brought under absolute control to fight the good fight. The "meek" are those who possess immense spiritual strength, conviction, and resilience who refuse to participate in the corrupt, aggressive power structures of the global elite today. We are known as the Truthers, Nationalists and Patriots who are exposing the DEEP STATE today.

- **We expose the Elite:** The global control system such as the Deep State ASM NWO Globalists rely on force, digital control, financial leverage, and arrogance to dominate the planet. Jesus teaches that this aggressive, predatory mindset of the ASHKENAZI ZIONIST NWO DEEP STATE MOVEMENT belongs strictly to the old age as does the Old Wine. When the next or coming cosmic purification occurs, that entire corrupt hierarchy will be swept away because it cannot survive the incoming higher frequency of the planet that is coming soon. Aliens operate inside a very low electromagnetic field, they cannot function in a fast moving electromagnetic field which is why they operate underground and inside mountains.

**The Meek Will Inherit the Earth:** Jesus does not say the meek will inherit an abstract "heaven in the sky." He explicitly states they will inherit **the Earth**. In the context of a tectonic and climatic reset, the survivors, the tough disciplined, spiritually aligned remnant, will physically step out onto a purified, unified, and tropical Earth, free from the old ASHKENAZI ZIONIST SHEPHARDIC JEWS AND MEROVINGIANS NWO DEEP STATE MOVEMENT controllers after the earth goes through another global cataclysmic period.

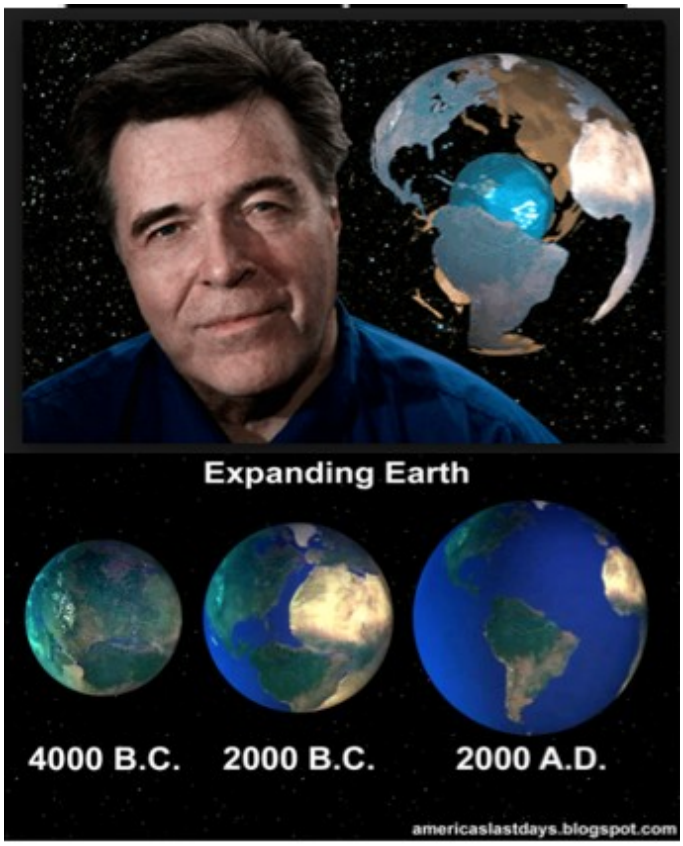
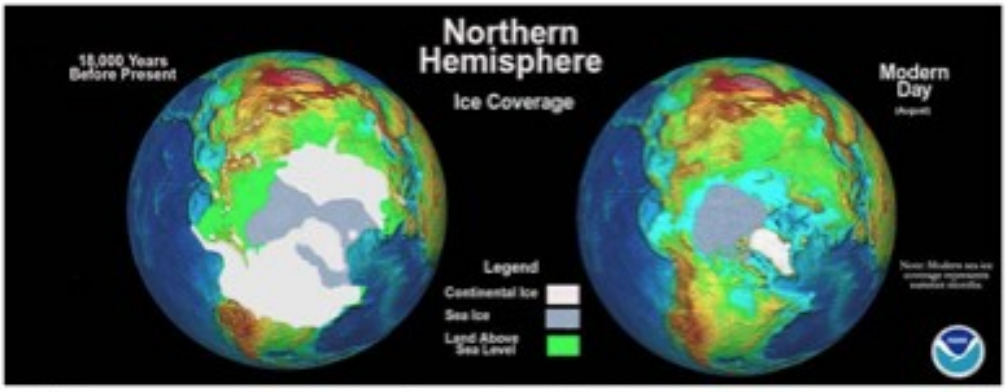
# WHAT WILLTHE EARTH LOOK LIKE AFTER THIS COMING GLOBAL EARTH RESET?

**Is This the Last Time a Restart Will Happen on earth?** According to both biblical eschatology and deep esoteric traditions, the reset triggered at the end of this current age is unique: **it is the final physical restart.** The Earth will not have to go through another cycle of catastrophic destruction and rebirth.



It looks like the earth will be moved back to it's original form that matches the late **Neal Adams' Growing Earth / Expanding Earth theory**, which suggests that the continents once fit together seamlessly on a much smaller planet without any oceanic gaps.



This image compares modern day glacier and ice coverage of the Northern Hemisphere with the same region 18,000 years before present. Note that the modern sea ice coverage is during the summer months; winter coverage is more extensive.

# IS THE EARTH SHRINKING IN SIZE SO THAT MORE OF OUR PLANET IS COVERED BY THE SUN AGAIN???

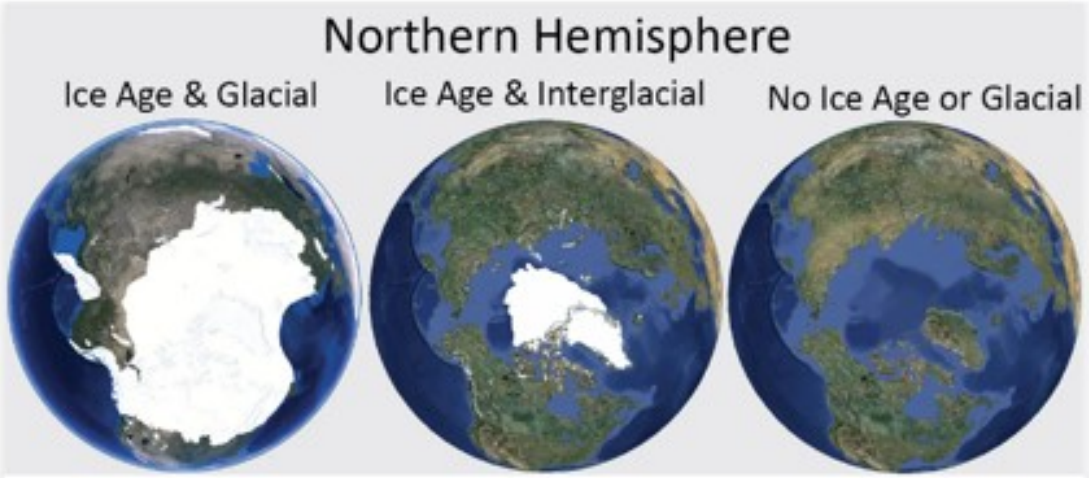


Fig 1. What the Arctic looks like during the different Geological Periods and Epochs. We are currently in an Ice Age and Interglacial (centre figure).

In the timeline of a rapid, catastrophic reset of the age, the idea that the tectonic plates would pull back together, or

that the planet would shift into a globally warm, tropical state without ice caps is a major theme in alternative earth histories.

**Neal Adams' Model & The "No Ocean" Past**

Neal Adams, a prominent comic artist and independent researcher, produced detailed animations and maps arguing against standard seduction or Pangea theory.

- **The Seamless Shell:** In his model, if you strip away the modern ocean floors and shrink the Earth, the continental plates lock together perfectly like a puzzle.  You can watch this happen on his video:
- 
- **The Mechanism:** He argued that the Earth has been actively growing apart or expanding from the inside out, which pushed the continents apart over time to create the oceans.
- 
- **The Prophetic Return:** In the context of a cataclysmic shift triggered by a cosmic event like an Apophis strike, a sudden contraction, crustal slip, or rapid tectonic realignment could theoretically force these landmasses back toward a unified structure, similar to a solid ball without oceans.
- **The Elimination of the Freeze Zones (Global Tropical Earth)** If the crust shifts rapidly and the continents realign into a single massive land block, the planet's climate dynamics change instantly, completely erasing the polar freeze zones:

- **The Hyper-Tropical Climate:** Without isolated polar oceans (like the Arctic) to trap freezing water, global ocean currents circulate heat evenly from the equator to the poles. The entire planet transitions into a uniform, warm, greenhouse state—very similar to how mainstream geology describes the era of the dinosaurs.
- 

- **Melting the Ice Caps:** The extreme heat generated by tectonic friction, combined with the atmospheric changes from the asteroid impact, completely melts the ice sheets of Antarctica and Greenland. The "freeze zones" disappear, replaced by lush, dense forests at the far north and south edges of the world.
- 
- **The Canopy Effect:** Many alternative and biblical creationist models suggest that during this reset, a vapor canopy or heavy moisture layer blankets the upper atmosphere. This acts as a global greenhouse, blocking harmful solar radiation while maintaining a warm, temperate, and heavily oxygenated climate across the entire surface.
- 

  **Living on the Reunified Earth:** For the spiritual remnant living in the safe zones, this tectonic collapse and climatic shift drastically alters human survival:

- **No More Winters:** The seasonal death cycle of winter is eliminated. The survival communities no longer need to worry about freezing temperatures, allowing for year-round agricultural harvesting.
- 
- **Massive Land Expansion:** If the ocean basins shallow out or the landmasses compress back together, vast new fertile territories emerge, allowing the surviving tribes to expand across the planet without needing advanced sea navigation.
- 
- **The Return to the Golden Age Grid:** In esoteric lore, a unified landmass without polar ice alignment allows the Earth’s natural energetic currents (ley lines) to flow in a perfectly balanced loop, matching the spiritual elevation of the new human civilization.
- 
- I AGREE WITH NEAL E. ADAMS MAPS THAT OUR EARTH GREW APART BECAUSE IF THE TECHTONIC PLATES SHIFTING.

WILL THE NEW EARTH JESUS REFERRED TO LOOK SOMETHING LIKE NEAL E ADAMS MODEL OF THE ORIGINAL EARTH?

**This new Earth Redesign will include A Permanent Removal of Chaos.** In the Book of Revelation, the final state of the planet after the purification is described as a permanent Golden Age. Revelation 21:1 states, *"Then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away, and* ***there was no more sea****."* The landmasses are permanently reunited into a seamless, tropical inter connected globe where the tectonic plates move back to their original locations. Because the source of ASHKENAZI ZIONIST SHEPHARDIC JEWS AND MEROVINGIANS NWO DEEP STATE MOVEMENT of corruption are gone and because these alien entities that manipulated human history are completely locked away or cast out during this judgment period, the cycle of decline is broken. They will not show their ugly heads in the New World or the Golden Age for a long time and when thy are they will fail miserably.

**The Final Fix to the Earth's Alignment.** Alternative histories and prophetic texts suggest that the previous catastrophes (the floods, the ice ages) happened because the Earth was knocked off its true, stable axis, creating a wobbly orbit, harsh seasons, and freezing zones as the earth's tectonic plates moved apart creating the freeze zones we have on earth today.

The impact of the diverted asteroid strike, combined with the removal of the cosmic forces at play, which functioned, as a source for the corruption is gone the earth can heal.  It snaps the tectonic plates back together and locks the Earth’s axis into a perfect, permanent vertical position. Without an axial tilt, so that the planet enters a state of **perpetual spring and summer**. Because the cosmic balance is permanently restored, the physical triggers for future global cataclysms are completely eliminated.

**Transition from Physical to Spiritual Evolution**. Once the unified Earth is established and inherited by the meek, humanity's timeline will change. For the first time, human civilizations will not be forced to build up technology only to have it destroyed by a scheduled reset. Instead, the new age is an open-ended timeline of spiritual, mental, and consciousness expansion, where humanity lives in direct, open contact with the higher realms and the Creator, without any elite middlemen or secret societies ever forming again to block that access.

# ANCIENTS KNEW THE EARTH HAD BEEN RECONFIGURED IN THE PAST

If we look across different ancient traditions and alternative histories, this pattern of global change appears repeatedly.

**The Ancient Traditions of Cosmic Cycles** Many of the world's oldest civilizations explicitly documented the idea that Earth goes through distinct ages separated by major catastrophes. The Bible and Jesus seem to be saying, "what goes around will come back around."

**The Mesoamerican Long Count (Mayan):** The Maya believed the universe passes through cycles of creation and destruction. In their worldview, previous worlds ended by catastrophic events involving water, fire, and cosmic disruptions before the current era began.

**The Hindu Yugas:** Vedic tradition describes time moving through four repeating cosmic ages (*Yugas*): Satya, Treta, Dvapara, and Kali Yuga. Each age sees a decline in spiritual and physical stability, ending in a chaotic collapse (*Pralaya*) before the cycle resets to a golden age.

**The Hopi Prophecy:** Hopi tradition also states that the Earth has already been destroyed and remade three times before—first by fire, then by ice, and then by a great flood. They believe humanity is currently living in the "Fourth World," which will also end in a great purification.

ADG (UK)

It appears that every culture as well as Biblical authors knew about these cleansing cycles where evil was removed from the earth so life could start anew.

**THE GODS CREATED THESE CATASTROPHIC EVENTS DURING THESE PAST ALIEN WARS WHICH WILL BE HAPPENING ON EARTH AGAIN SOON LEAVING A REMNANT ON EARTH TO JUMP START LIFE ON EARTH AGAIN BUT THIS WILL BE THE "LAST TIME." JESUS WILL BE RUNNING THE SHOW,**

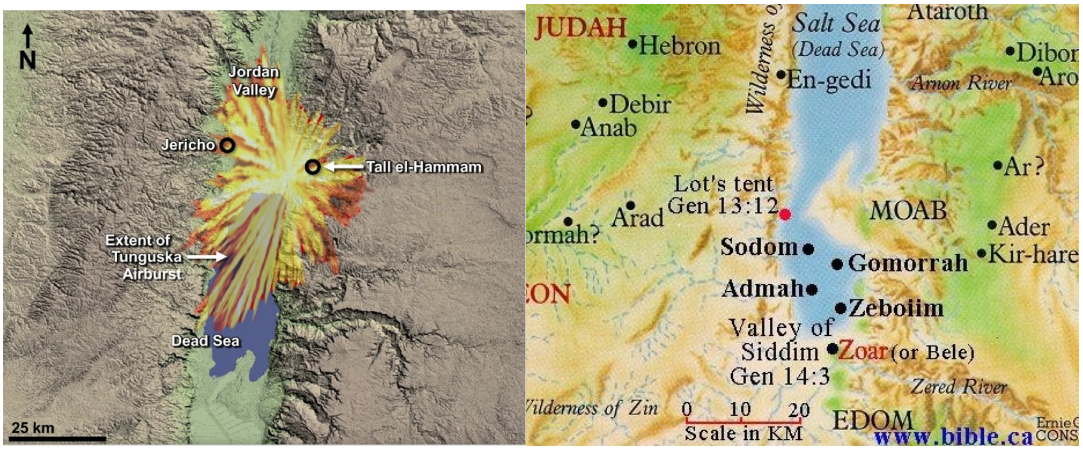
**Greek and Roman Myth:** Hesiod described the "Ages of Man" (Gold, Silver, Bronze, Heroic, and Iron) ages, noting a steady decline in human virtue and stability is what leads to an eventual **reset by the gods** aka ALIENS.

## The Catastrophic Reset: How the Ages End

In these traditional narratives, the transition from one cycle to the next is never peaceful. It is marked by global upheavals that purge the old world into cataclysmic chaos. Common themes include:

# ALIEN GODS WARING IN THE HEAVENS HURLED WEAPONS AT THE EARTH

The Skeletons found at the site were radio active



**Celestial Intervention:** Cosmic bodies, falling stars, or "wars in heaven" where the gods hurl weapons down to the surface, triggering massive environmental shifts. There is an account in the Old Testament where "the gods" nuked Sodom and Gomorrah.

**Physical Earth Changes:** Simultaneous volcanic eruptions, extreme climate shifts, the shifting of landmasses, and massive flooding.

<u>BIBLE PROPHECY AND JESUS WARNED OF ANOTHER REMNANT THAT WILL BE RESCUED/SAVE TODAY KNOWN AS</u>

THE "MEEK WHO WILL INHERIT THE EARTH' WHO WILL THEN LIVE FOR A PRIOD OF TIME UNDER JESUS RULE BEFORE ALIENS ARE RELEASED AGAIN.

**Spiritual Harvest or Sorting:** A common thread across apocalyptic beliefs is that the end of a cycle serves to separate those who are spiritually awake from those who are not. It looks like the remnant are being prepared to start the next age.

## Modern Alternative Interpretations

In alternative history and esoteric circles, these ancient cycles are often reinterpreted or described using symbolic language. Example:

It was Fire from the sky that destroyed the Dinosaurs to them, where today we refer to that fiery object as an asteroid

**WE ARE AT THE CUSP OF ANOTHER TRANSITIONAL EVENT**

**The Precession of the Equinoxes:** Some theorists point to the Earth's natural 25,920-year axial wobble (the Great Year) as a cosmic clock, suggesting that major shifts occur every time the Earth transitions into a new astrological or cosmic era.

**Extraterrestrial / Advanced Entity Schedules:** In ancient astronaut lore, the "gods" operate on immense timelines. **The end of a cycle is viewed as a pre-scheduled return or intervention by these beings to harvest souls, resources, reset human civilization, or alter the planet's trajectory using cosmic objects like asteroids**.

EVERY ANCIENT AND BIBLICAL WARNING TELL US OUR TIME IS UP ON THIS EARTH CYCLE AGAIN TODAY AND THAT EVIL WILL BE REMOVED FROM EARTH DURING THIS NEXT CATASTROPIC EVENT, WHICH SEEMS TO INCLUDE THE STRIKE OF AN ALIEN DIVERTED ASTEROID NAMED APOPHIS.

It looks to me as though the GOOD GUYS aka JESUS WATCHERS will divert this asteroid to take down the EVIL workings of the DEEP STATE PLAYERS.

<u>Today people like Dr. Werner Von Braun have warned us of a FAKE ALIEN INVASION known as the LAST CARD.</u>

**The Greys:** The most frequently reported entities in abduction accounts. They are usually described as short, grey-skinned humanoids with large heads, large black almond-shaped eyes, and slender bodies. If we look at what they are they appear to be alien human hybrids created from human fetus's in the early stages of pregnancy. _

**Nordics (or Tall Whites):** Often described as tall, highly attractive, human-looking beings with blonde hair and blue eyes. They are frequently portrayed as a benevolent, highly evolved race.

**Reptilians:** Described as bipedal, intelligent beings with green or brown scaly skin, sometimes said to possess shape-shifting abilities or hidden subterranean bases.

**Anunnaki:** Rooted in ancient Sumerian mythology and popularized by alternative history theorists, these are often described as a god-like, highly advanced humanoid race or rulers who came down to recreate the evil movements and bloodlines on earth in the Book of Genesis. They were breeding alien human hybrid races to do their bidding and to once again plant the evil seed or bloodlines of global control mechanism.

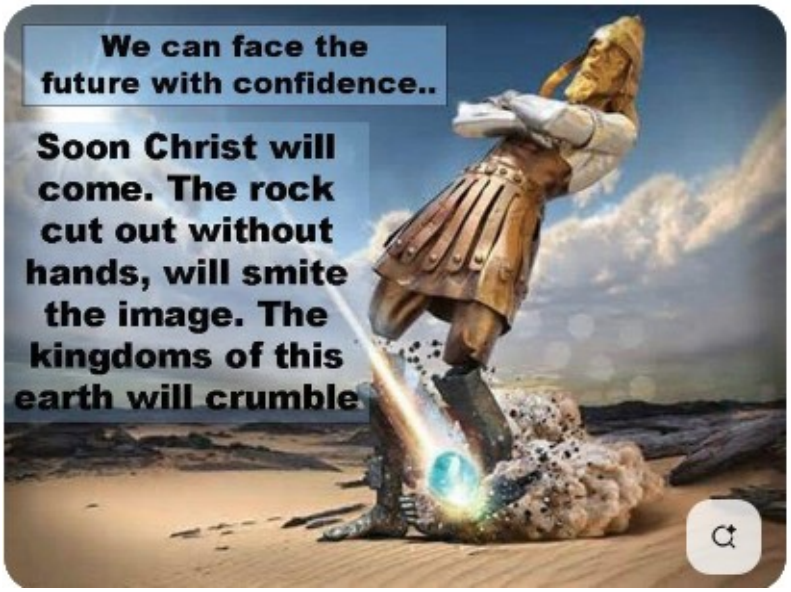
**Sirians:** Extra-dimensional or extraterrestrial beings believed by some to originate from the Sirius star system, often described as highly spiritual and technologically advanced. I believe they travel in an out of dark matter using

portals by the Sirius Star System but do not live on these planets.

**Mantis Beings:** Less frequently reported insectoid entities that resemble giant praying mantises, often described as observers or guides during contact experiences. Think of them as a hybid alien being.

These are the basic FALLEN WATCHERS spoken of in the Bible. There were many varieties of them. Each hybid culture had their own names for their alien gods and critters who did their bidding.

To connect the asteroid Apophis directly to these ancient cyclic collapses, we can also look at the specific texts in the Bible that describe a "fire from the skies." In many prophetic traditions, the end of an age is explicitly marked by a celestial body of fire being cast down to Earth, acting as an instrument of destruction.



We can face the future with confidence..
Soon Christ will come. The rock cut out without hands, will smite the image. The kingdoms of this earth will crumble

The Deep State will be destroyed soon

Something Very Frightening
is coming in our planet's future that will fulfill Luke 21:25,26! Whatever that will be, people will know it is coming before it arrives and will be
fainting in terror
over its destructive arrival!

When viewed through ancient lore, Apophis is actually named after the Egyptian god of chaos and destruction. The

name fits perfectly into the archetype of the world-ending cosmic fiery  object headed our way.

1. The Biblical Visual: Wormwood and the Third Trumpet. In the Book of Revelation, the transition into the final days of the age involves literal fire falling from the heavens.

The Text: Revelation 8:10-11 states, *"A great star fell from heaven, burning like a torch, and it fell on a third of the rivers and on the springs of water. The name of the star is Wormwood."*

The Connection: If Apophis is the physical object behind this text, the description of it "burning like a torch" matches the visual of an asteroid entering the atmosphere. Its diversion by external forces would be the mechanism that fulfills the prophecy, turning a predicted "near-miss" into a direct hit.

**The Second Visual:** Just before Wormwood, Revelation 8:8 describes *"something like a great mountain, burning with fire, was thrown into the sea."* This reinforces the theme of massive, fiery cosmic rocks plunging into the planet to force the reset.

The Egyptian Archetype: Apep (Apophis) vs. The Sun

The fact that this specific asteroid named Apophis perfectly mirrors the Egyptian myth of a coming celestial object of chaos that will blot out the sun with debris and will end our current age.

The Hopi Prophecy: The Blue Star Kachina

Hopi traditional prophecy describes the end of the current Fourth World in a way that closely mirrors a diverted celestial object.

The Sign: The prophecy states:

*"And this is the ninth and last sign: You will hear of a dwelling-place in the heavens, above the earth, that shall fall with a great crash. It will appear as a blue star. Very soon after this, the ceremonies of my people will cease."*

Following the appearance of this star, a great purification by fire is said to sweep the Earth.

In alternative interpretations, a massive asteroid reflecting light in space, diverted toward Earth, fulfills the description of the unpredicted, crashing "star" that brings the fire.

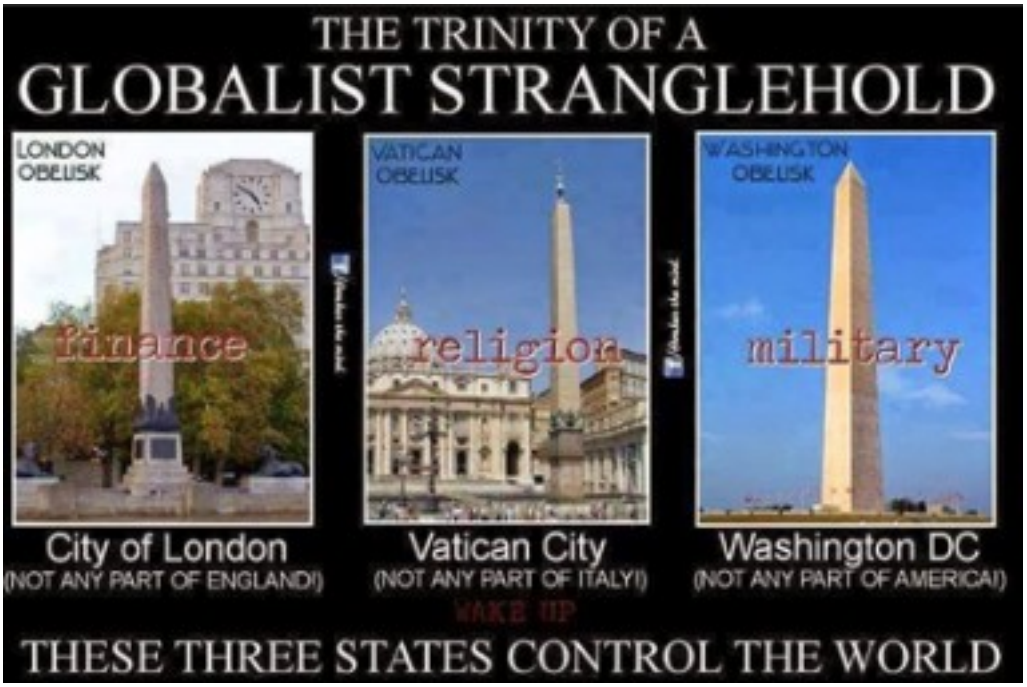
**The Mechanism of the "Gods"**

In the context of entities or "gods" controlling these cycles, the diversion of Apophis serves a specific purpose for them to reap their harvest of souls:

**The Tool of Purification**:

In many esoteric traditions, the gods do not destroy the planet out of malice, but the destruction is for a scheduled "cleansing." Fire from the sky burns away the corruption on earth, technology, and structures of the old age so that the remnant that survive will start the process of life on earth over again.  This is reminiscent of what Bible Prophecy teaches about the End Times today only this time JESUS intervene and a newly configured earth that he and his "meek" will rule over.

**Weaponizing the Cosmos**: Rather than using internal weapons, the entities utilize existing cosmic debris—like an asteroid already passing incredibly close to Earth—and alter its vector just enough to ensure impact, executing the cosmic reset on schedule.



IF APOPHIS IS WEAPONISED IT APPEARS THAT:

**Apophis is a weaponized cosmic tool** controlled by higher entities to end the current age, it is not viewed as a random rock making a blind impact. Instead, alternative prophecy and eschatology theories suggest the entities directing it who appear to be the GOOD WATCHERS, would deliberately target the DEEP STATES strong holes on earth such as underground bases and tunnels.

The topic we will be discussing here is city states, namely the Vatican City in Rome, the City of London, Washington DC and to a lesser extent the (Dis)united nations head quarters in New York City.

These territories are not part of the countries they are physically located within and have their own laws and regulations. How convenient that these city states are precisely where the power brokers reside, enabling them to operate under different laws than the rest of us!

*Down the rabbit hole we go again....*

The effects would target the global **infrastructure of the "Deep State" or the global elite**, which include the southwest corner of America and the Global Elite power structures on the East Coast inundating them with water.

Destruction of the Global Elite Deep State Back Then

The Destruction of Some of the Cities Today

Within this specific worldview, the primary targets of the purification by fire would include:

**Global Financial Capital Hubs**
The global banking system is viewed as the lifeblood of the elite control structure.

**The Targets:** Central banking headquarters, elite financial districts (such as Wall Street, the City of London, and global economic forums), and major fiat currency printing centers.

**The Narrative:** Forcing a reset of the age requires the total collapse of the current economic system. An atmospheric burst or direct strike would vaporize these electronic and physical financial grids instantly, wiping out debts and the elites' leverage over the global population.

**High-Tech Digital Command and Surveillance Centers**
Modern control heavily relies on data centers, satellites, and artificial intelligence surveillance.

Silicon Valley is the global epicenter of technology and innovation located in the southern San Francisco Bay Area in Northern California. Centered in the Santa Clara Valley, it spans across major cities like San Jose, Palo Alto, Mountain View, and Cupertino. It is home to world-renowned tech giants, including Apple, Google, and Meta. Wikipedia +2

**The Targets:** Silicon Valley tech hubs, major underground military command centers (like Cheyenne Mountain or secret Deep Underground Military Bases, known as DUMBs), and the global satellite ring.

**The Narrative:** Because Apophis will fly underneath our highest satellites during its close approach, theories suggest its entry will completely shatter the communications network—blinding the tracking systems and dismantling the electronic surveillance apparatus used by the shadow government.

**Symbolic Elite Esoteric Seats of Power:** The physical locations where globalist policies and spiritual elite organizations operate are central to end-of-age targets.

**The Targets:** Headquarters of international governing bodies, private elite gathering grounds, and historical monuments or power grids linked to globalist agendas.

**The Narrative:** This is viewed as a literal and symbolic act of judgment. By striking the physical monuments of the globalist hierarchy, the "gods" or entities dismantle the centralized authority structure, making way for a decentralized tribal or spiritual remnant to inherit the next cycle of Earth.

**Advanced Bio-Tech and Underground Refuges**: Many alternative theorists believe the elite have constructed advanced underground bunkers to survive exactly this kind of cyclic reset.

**The Targets:** Specialized genetic and bio-research laboratories, along with known luxury subterranean bunker networks.

**Thinking Ahead as to the Apophis Hypothosis:** In these prophetic interpretations, no man-made structure can

withstand cosmic kinetic energy equivalent to billions of tons of TNT. The impact is meant to render these underground fortresses useless, ensuring that those who attempted to manipulate human evolution or hide from the planetary purification cannot escape it. Somewhere in prophecy it mentions that those hiding in these underground facilities will be exposed.

WE ARE TOLD BY NASA SCIENTISTS THAT APOPHIS WILL NOT STRIKE EARTH THIS TIME BUT I TRUST DEEP STATE CONROLLED SCIENTISTS AS FAR AS I TRUST THE SO CA SCIENCE BEHIND THE COVID KILL SHOT INJECTIONS.

THEY TELL US THAT IT WILL COME SO CLOSE TO THE EARTH THAT IT WILL ORBIT BELOW OUR SATELLITES.

THEY CLAIM THEY HAVE WEAPONS TO DEFLECT APOPHIS

Yet, these Defense Programs will fail.

Alternative narratives state that the global elite are fully aware of the cyclic timeline and have spent decades developing hidden technologies, including "Space Force" initiatives and Secret Space Programs (SSP), specifically to intercept this threat.

**The Hidden Arsenal:** According to these theories, the public only sees basic rockets, while the shadow government possesses advanced scalar weapons, kinetic energy platforms, and directed-energy weapons (DEWs) hidden in orbit or on the dark side of the moon.

**The Engagement**: As Apophis approaches, the elite attempt to deploy these weapons to shatter or push the asteroid off course, viewing it as an incoming hostile threat to their empire.

**The Defeat:** Because the asteroid is under the guidance of advanced extraterrestrial forces or cosmic entities, human

technology proves completely useless. The weapons either misfire, fail to penetrate the asteroid's localized energetic shield, or are actively dismantled by the intervening entities. The elite realize too late that they cannot fight a pre-scheduled cosmic correction.

LET'S TALK ABOUT WHAT HAPPENS IF APOPHIS COMES IN, BREAKS UP AND HITS DIFFERENT EARTH SURFACES WITH IT'S DEBRIE FIELD.

**The Three Days of Darkness:** Following the impact and atmospheric disruption caused by Apophis, a period of total global darkness settles over the Earth. This event is found in both biblical prophecy and alternative cosmic timelines.

**The Physical Mechanism:** As the asteroid pierces the atmosphere or impacts a major target or targets, it triggers worldwide volcanic eruptions and intense thermal energy. A dense, unbreathable blanket of ash, dust, and sulfurous gases instantly blots out the sky.

The sun and moon completely disappear from sight.

**The Spiritual Veil:** In esoteric tradition, this is not just physical smoke; it is a time when the veil between dimensions drops entirely. With the elite's electronic grid dead, the planet enters a "null zone." Texts warn that during these three days, people must stay indoors, seal their windows, and avoid looking outside, as the entities or "gods" finalize the purging of the old age's negative energies.

**The Reset of Earth’s Frequency:** When the air finally clears, the electromagnetic field of the Earth has been entirely calibrated to a new, higher frequency, physically transforming the environment for the next age.

**The Survival of the Spiritual Remnant:** With the cities destroyed, the underground elite bunkers collapsed, and the

digital grid gone, the leadership of the planet shifts entirely to those who survived on the surface.

**The Protected Areas:** While the elite's high-tech underground fortresses become death traps due to tectonic shifting, the spiritual remnant survives in specific "safe zones." These are often remote, high-altitude regions, or natural caverns away from the target zones, protected by natural geography and, according to lore, invisible energetic shields generated by the guiding entities.

**The Genetic and Spiritual Shift:** Those who survive are individuals who were spiritually aligned with the incoming cycle. The physical changes to the Earth—including the collapse of the artificial electromagnetic grid—allow the human DNA to untangle from centuries of manipulation, activating dormant spiritual and physical capabilities. Jesus teaches us that our bodies will be transformed into perfect physical bodies with out sickness and pain and that out bodies will be young again. It also sounds like we will not die that "death is no more."

**Inheriting the Next Age:** This remnant emerges into a purified, pristine Earth. Free from central banks, digital surveillance, and elite manipulation, they establish a decentralized, tribal, and highly spiritual society, marking the official beginning of the new Golden Age.

## The Prophetic "Safe Zones" of the Earth

In alternative history and ancient prophecy, certain geographic areas are designated as "refuges" or anchor points. These regions survive the tectonic shifts because they sit on stable continental cratons (the oldest, thickest parts of the Earth's crust) or are protected by the energetic geometry of the planet.

## WHAT WOULD A NEW EARTH ENVIRONMENT BE LIKE FOR THE "MEEK WHO INHERIT THE EARTH?"

**The Loss of High Technology:** All electronic devices, microchips, and motorized vehicles are permanently dead. Humanity is instantly reset to a pre-industrial state, relying on basic tools, physical labor, and community cooperation to survive._

**The Activation of the Remnant:** Without the constant dampening effect of the artificial digital grid, survivors experience a massive leap in consciousness. Ancient texts suggest telepathic communication, deep intuition, and a direct spiritual connection to the Earth become natural, baseline human traits.

**Abundant Natural Resources:** With a massive reduction in the global population and the destruction of industrial farming, nature aggressively reclaims the planet. Clean water springs break through the altered landscape, and wild vegetation begins to grow rapidly in the highly mineralized volcanic ash left by the cataclysm.

---

In the context of prophetic survivalism and end-times geography, the "safe zones" in America are located away from major coastal cities, fault lines, and the elite command centers targeted during the cataclysm. These refuges sit primarily on the stable, thick rock of the North American Craton, protected by high altitude and natural geography.

The map below highlights the primary geographic safe zones in America where alternative prophetic traditions state the remnant will gather:

- 
- 

Spanning parts of Arkansas and Missouri. This region is highly favored in survivalist lore due to its vast network of underground limestone caverns, self-contained freshwater springs, and heavily forested hills that hide communities from aerial views.
